Summary

Multidisciplinary creative and storyteller with 4+ years of experience spanning brand strategy, production management, music, and content creation. Proven ability to lead cross-functional creative projects from ideation through execution across social, film, live events, and digital platforms. Passionate about blending narrative craft with emerging technology—including AI-driven creative workflows—to bring bold ideas to life. Looking to contribute a maker-first mindset and a unique creative point of view to Google’s in-house teams.

Experience

Khane Creative

Aug 2023 – Present

Founder & Creative Strategist | Los Angeles, CA | Austin, TX | Houston, TX | San Francisco, CA

- Developed brand positioning, visual identity systems, and marketing strategies for 5 independent artists across Los Angeles, Austin, and Houston, translating each artist’s story into cohesive creative direction.
- Produced and directed cross-functional campaigns spanning content creation, social media, live event production, and venue partnerships, expanding collective market reach by 75%.
- Designed and executed content and partnership activation strategies that grew combined social audiences from 0 to 65K, building engaged communities through culturally resonant storytelling.
- Conceptualized original branded content including a lifestyle UGC reel concept for Bose (“One Pair, All Day”), blending product storytelling with authentic creator-driven narratives.
- Authored reflective essays and creative nonfiction on Substack (Khane School of Thought), exploring themes of time, presence, identity, and creative process through poetic, metaphor-driven writing.

Bridge

June 2025 – Present

Founder & CEO | San Francisco, CA

- Founded and built a B2B marketplace platform from concept to launch, leading all aspects of brand development, product storytelling, demo narrative design, and go-to-market creative.
- Conducted 300+ hours of user research and 100+ interviews, translating qualitative insights into UI flows, demo storylines, and product narratives—driving 4+ major product pivots and improving user satisfaction by 85%.
- Managed end-to-end production of client deliverables, stakeholder communications, and multi-channel campaigns, coordinating timelines, budgets, and cross-functional execution across engineering and design.
- Produced investor and partnership pitch materials, professional services agreements, and brand collateral, balancing strategic messaging with authentic voice across formal and informal contexts.

Capgemini

June 2023 – Feb 2025

UX & Technology Consultant | San Francisco, CA

- Coordinated communications and production workflows for a \$10B software client’s hyperscaler division, managing dashboards, status tracking, stakeholder feedback, and cross-team execution across account teams.
- Organized and produced 20+ professional and educational events in Capgemini’s San Francisco office, managing logistics, partner relations, content programming, and post-event follow-through at a 95% satisfaction rate.

Nexus Veterinary Specialists

May 2021 – June 2022

Business Development & Marketing | Houston, TX

- Built field marketing playbooks and launch campaigns for 3 new hospital openings, coordinating operations, vendor onboarding, and content production to support >\$1M in combined launch revenue.

Creative Practice

Music Production & Songwriting — Writer, producer, and recording artist working from a home studio (Logic Pro X, Focusrite Scarlett 2i2, Shure SM7B, Waves Ultimate). Developing original music that blends introspective lyricism with experimental production, exploring narrative and emotion through sound.

AI-Augmented Creative Workflows — Actively experimenting with AI tools (LangChain, Claude, Cursor) as creative instruments for prototyping, content generation, and narrative design. Building automated systems that blend human storytelling instinct with machine intelligence.

Content & Publishing — Creator of nathankhane.com, a personal brand platform integrating writing, music, and creative portfolio. Author of Khane School of Thought on Substack, a collection of reflective essays on creativity, time, and identity.

Video & Visual Storytelling — Experience in concept development, production planning, and post-production for social-first video content. Proficient in Final Cut Pro with a focus on brand narrative and creator-driven formats.

Education

University of Houston

Dec 2022

Bachelor of Business Administration, Entrepreneurship & Management Information Systems

Leadership & Community

The Wolff Center for Entrepreneurship

Dec 2020 – June 2022

Ranked #1 in the Nation by The Princeton Review

Fundraising Events Lead & Engagement Manager | Houston, TX

- Produced and managed 40+ live events across Houston, breaking the program’s fundraising record by 35% and generating \$325,000—including a 3-day food festival for 45,000 attendees and the program’s inaugural entrepreneur’s gala for 500+ guests.
- Led end-to-end event production: venue sourcing, partner relations, content programming, logistics coordination, and on-site management for community and donor-facing experiences.
- Developed 1-year and 5-year strategic plans for the alumni association (1,500+ members), designing engagement programming and quarterly event series.

SF Chapter Lead, Founders Basketball | San Francisco, CA

- Organizing community events and pickup games connecting founders, creatives, and operators across the Bay Area startup ecosystem.
